Album 44 Stories

Song 1: Woke O Woke

A fun, multilingual song that humorously critiques modern “woke” culture, false ideologies, and control systems. It calls people from every language to break free from these deceptions and live in the true freedom and light of Jesus Christ.

Song 2: Sa Re Ga Ma

Using Indian classical notes, this song shows Jesus as the true Light breaking through ancient Central Asian and steppe spiritual beliefs. His truth brings freedom to all peoples across the steppes.

Song 3: Light Breaks the Matrix

A bold song declaring Jesus Christ as the only true God who shatters every false religious and spiritual matrix — from ancient gods to modern deceptions. His light always wins.

Song 4: New Age Matrix

This song exposes the New Age movement, Theosophy, and other modern spiritual lies. It proclaims that only Jesus Christ is the true Light and Savior who breaks all false matrices.

Song 5: Fields of Redemption

A beautiful retelling of the Bible story of Ruth and Naomi. From loss and bitterness in Moab to redemption and joy in Bethlehem, it shows how God turns sorrow into hope through His faithful love.

Song 6: The Mormon Matrix

The song examines the origins of the Mormon movement (Joseph Smith, golden plates, etc.). It clearly states that Jesus Christ alone is the truth, breaking every man-made religious matrix.

Song 7: Moab's Redemption

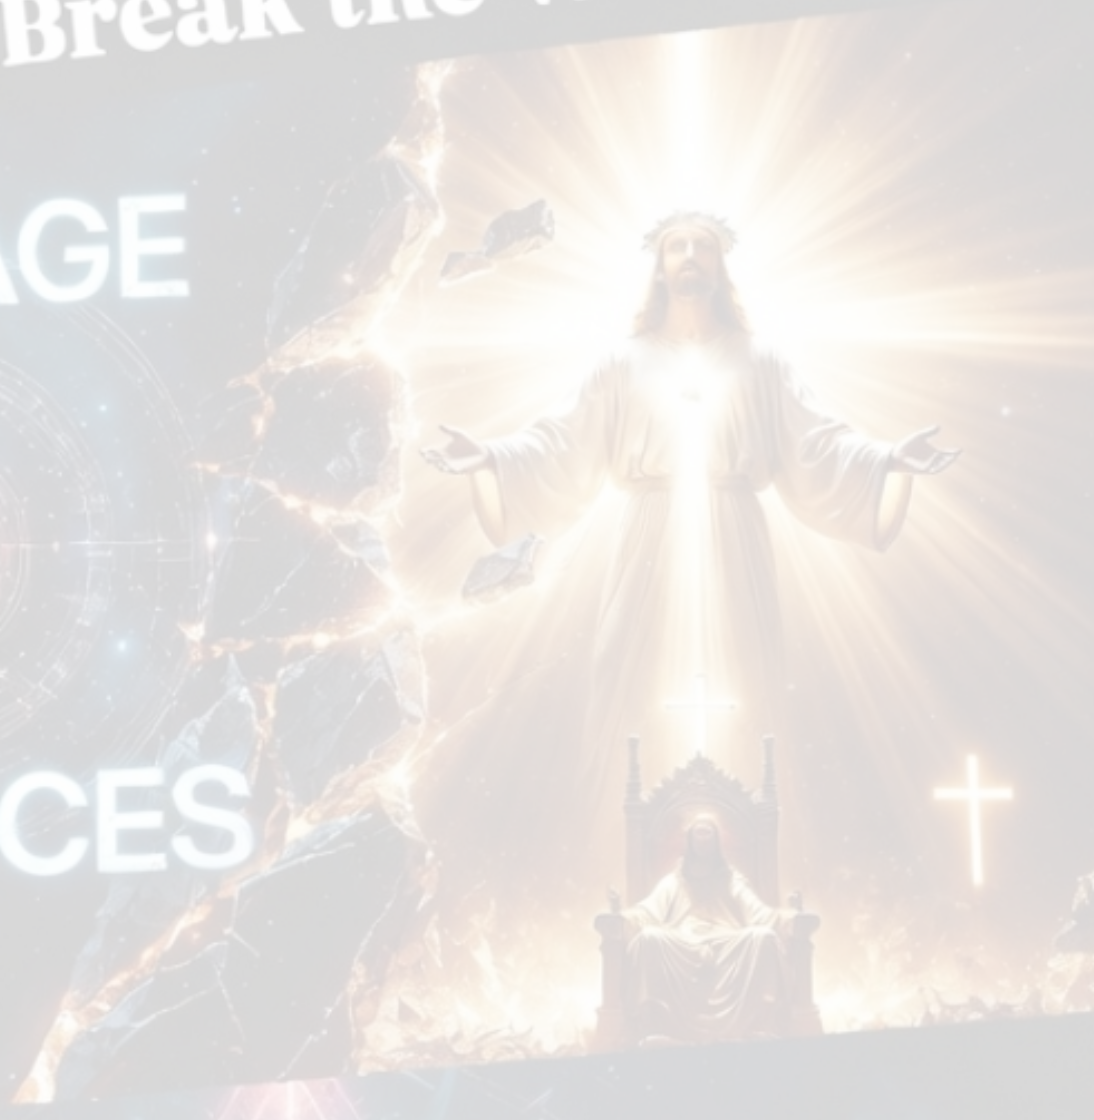

A powerful song about the ancient Moabites and their god Chemosh. Even nations under curses and false gods can find complete redemption through Jesus Christ, the true King.
